#### Part II. Loans to Small Businesses and Small Farms

Report the number and amount currently outstanding as of the report date of business loans with "original amounts" of \$1,000,000 or less and farm loans with "original amounts" of \$500,000 or less. The following guidelines should be used to determine the "original amount" of a loan: (1) For loans drawn down under lines of credit or loan commitments, the "original amount" of the loan is the size of the line of credit or loan commitment when the line of credit or loan commitment was most recently approved, extended, or renewed prior to the report date. However, if the amount currently outstanding as of the report date exceeds this size, the "original amount" is the amount currently outstanding on the report date. (2) For loan participations and syndications, the "original amount" of the loan participation or syndication is the entire amount of the credit originated by the lead lender. (3) For all other loans, the "original amount" is the total amount of the loan at origination or the amount currently outstanding as of the report date, whichever is larger.

b. Did your institution provide more than 100 international remittance transfers in the previous calendar year or does your institution estimate that it will provide more than 100 international remittance transfers in the current calendar year? \_\_\_\_\_

N521	YES

16.b

(1) Report information about international electronic transfers of funds offered to consumers in the United States that:

(a) are "remittance transfers" as defined by subpart B of Regulation E (12 CFR § 1005.30(e)), or

(b) would qualify as "remittance transfers" under subpart B of Regulation E (12 CFR § 1005.30(e)) but are excluded from that definition only because the provider is not providing those transfers in the normal course of its business. See 12 CFR § 1005.30(f).

For purposes of this item 16, such transfers are referred to as international remittance transfers.

Exclude transfers sent by your institution as a correspondent bank for other providers. With the exception of item 16.a.(4), report information only about transfers for which the reporting institution is the provider. For item 16.a.(4) report information about transfers for which another party is the provider, and the reporting institution is an agent or a similar type of business partner interacting with the consumers sending the international remittance transfers.

**Schedule RC-M—Continued**

Items 16.c and 16.d are to be completed by institutions that answered "Yes" to item 16.b in the current report or, if item 16.b is not required to be completed in the current report, in the most recent prior report in which item 16.b was required to be completed.

c. Indicate which of the mechanisms described in items 16.a.(1), (2), and (3) above is the mechanism that your institution estimates accounted for the largest number of international remittance transfers your institution provided during the two calendar quarters ending on the report date. (For international wire transfers, enter 1; for international ACH transactions, enter 2; for other proprietary services operated by your institution, enter 3. If your institution did not provide any international remittance transfers using the mechanisms described in items 16.a.(1), (2), and (3) above during the two calendar quarters ending on the report date, enter 0.)
