The issuer expects that delivery of the depositary shares will be made against payment therefor on or about February 9, 2022 which is the fifth business day following the date of this final term sheet (such settlement being referred to as "T+5"). Under Rule 15c6-1 of the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in two business days, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the depositary shares prior to the second business day before delivery of the depositary shares will be required, by virtue of the fact that the depositary shares initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.
